

NATURE OF THE LAW

- 01 The Law Requires Behaviors That the Sinner's Heart Does Not Want To Do**
 - It asks you to do what you do not desire to do
- 02 The Law Calls the Sinner to do What He Cannot Do**
 - It asks you to do what is impossible. That is, love God and others.
- 03 The Law Burdens All Sinners with Absolute Perfection, and Accepts Nothing Less**
 - You offend in one place, and you shattered the whole law. Nothing short of perfection.
- 04 The Law Refuses to Accept Effort as Any Consolation**
 - Trying hard does not matter. You accumulate zero with whatever human good you might have done.
- 05 The Law Accepts No Limited Payment For Its Violators**
 - You cannot work off this debt. Violators cannot undo any sin debt.
- 06 The Law Is An Unrelenting Taskmaster**
 - It never lightens the load. It never gives the sinner a vacation from demanding obedience.
- 07 The Law Breaks The Soul**
 - The sinner experiences guilt, shame, futility, doubt and fear. You are left with these feelings.
- 08 The Law Promises To Punish the Sinner Eternally in Hell**
 - There will be no punishment the sinner bears in hell that will finally cancel out his sin. There is no end.
- 09 The Law Gives No Help To The Sinner**
 - The Law establishes a standard, but gives you no help to keep it.
- 10 The Law Provides No Restoration Or Hope**
 - There is no path back to God. While under the Law there will never be a better day.
- 11 The Law Listens To No Repentance**
 - It will not hear your cry, or sorrow. The Law is deaf.
- 12 The Law Offers No Forgiveness**
 - You can cry out for mercy or grace, but it does not have any. The Law does not forgive you.
